Enclosed is a copy of the sequence listing to be substituted for the original sequence listing on pages 37-43 of the application.

Please amend FIG.7b as indicated in red. During translation of corresponding PCT application No. PCT/FR96/01756 from the French language, an error was made in the designation of the human and mouse sequences. This amendment reflects the correct labeling of the two amino acid sequences shown. Support for the amendment is found in Fig. 7b of the above-mentioned PCT application, a copy of which is included herewith.

Respectfully submitted,

Date: 10/21/99
